TERMS OF REFERENCE

PROJECT: Hauling of Residual Waste and Siphoning/Desludging of Septic Tanks from PNOC-Energy Supply Base, Mabini, Batangas

JUSTIFICATION: For proper disposal of accumulated residual waste and maintenance, de-clogging and disposal of accumulated contents of septic tanks inside PNOC Energy Supply Base, Mabini, Batangas in compliance to environmental law particularly in Republic Act 9003 (Ecological Solid Waste Management).

SCOPE OF WORK:

1. The contractor shall supply and deliver labor, tools, equipment and technical supervision necessary to completely execute the above project.
2. The contractor shall provide hauling equipment, tools and trained manpower, and undertake the hauling and disposal of residual waste from PNOC Energy Supply Base, Mabini, Batangas to DENR – accredited disposal facility.
3. For hauling of residual waste, the contract shall cover forty (40) cubic meter (CBM) of waste hauled in increment of ten (10) CBM per truckload per trip for a total of four trips/engagement or a single trip/engagement of forty (40) CBM load of residual waste.
4. For the siphoning activity, the contract shall cover eight (8) CBM of siphoned wastewater / sludge from septic tanks inside PNOC – ESB hauled in two engagements of four (4) CBM each trip or single engagement of eight (8) CBM.
5. The contractor shall provide a copy of accreditation as residual waste hauler and be responsible for securing other necessary valid permits, certificates, and clearances for the hauling and disposal of residual waste materials, at its own expense, from

the proper government offices. Said permits, certificates, and clearances shall be submitted to PNOC – ESB team prior to implementation of hauling activities.

6. The Contractor agrees to conform with the provisions of all laws, ordinances, rules, and regulations pertaining to the work under the Contract. It shall give all notices required by such laws, ordinances, rules and regulations, pay all fees payable to any public authority or official in respect to the work herein provided.
7. Fuel, lubricant, maintenance and repair costs for the hauling equipment shall be for the Contractor's account.

LABOR REQUIREMENTS:

1. Contractor must be DENR- accredited and knowledgeable to conduct residual waste hauling and siphoning/desludging with at least 1 year experience in providing similar services.

Key Personnel	General Expertise	Relevant experience
Truck Driver	Min. 2 years as a Truck Driver	Min. 1 year as a Truck Driver in the company conducting same project.
Truck Helpers	Min. 1 year experience as a Truck Helper	Min. 1 year as a Truck helper in the company conducting same project.

MATERIALS REQUIREMENT

No materials were required.

PROJECT EXECUTION REQUIREMENT

1. The Contractor shall supply labor, tools, equipment and technical supervision necessary to execute and complete the project.
2. The proponent shall notify the contractor of intended schedule of hauling. The contractor shall likewise agree to the schedule and conduct the activity within seven (7) working days from the acknowledgement of the request for engagement.
3. The Contractor shall inform the ESB management at least 2 days before scheduled date of engagement, sending the name of the personnel involved in the engagement as well as the plate number/s of the truck/s and vehicle/s to be used for the activity.
4. The Contractor shall provide an accredited hauling truck with a minimum volume capacity of ten (10) cubic meters for the residual waste and four (4) cubic meters for wastewater.
5. The Contractor shall bill PNOC on a per truckload basis and with a minimum volume of ten (10) cubic meters of residual waste and four (4) cubic meter of siphoned wastewater/sludge hauled, inclusive of all applicable taxes and other charges. The truck shall be weighed in the truckscale before and after the hauling operations. The truckload or volume shall be inspected and documented by ESB authorized representative prior to departure from ESB.
6. The Contractor shall, at its own expense, dispose of the materials hauled in accordance with the existing laws, regulations and procedures set forth by EMB, DENR and Philippine regulatory agencies.

7. The Contractor shall provide Certificate of Disposal from the accredited disposal facility. The said certificate is a document to determine that the waste is properly disposed at any DENR - accredited sanitary landfill and disposal facility.

ADDITIONAL REQUIREMENTS:

General Condition

1. The Contractor shall commence work on the agreed start date. In case of changes on the schedule, the Contractor shall inform the ESB team at least a day before the scheduled engagement and shall give a definite date where the activity shall be conducted instead.
2. The contractor must coordinate all activities and work done related to the project with ESB representative for proper monitoring and coordination.
3. The cost for all rework due to contractor's negligence shall be borne by the contractor.
4. The Contractor shall be liable for all accident claims and other related claims arising from injuries and other damages to property occasioned by any act or omission of the contractor including any and all expenses which may be incurred by PNOE ESB in its personnel in the defense of any claim, action or suit.
5. The contractor must comply with all standard health and safety requirements to include, among others, the use of personal protective equipment by all workers, proper ID and observe company rules and regulations on safety and security.

DELIVERY TIME/COMPLETION SCHEDULE:

1. PNOE will engage to the third party service provider with the technical expertise in Hauling and proper disposal of residual waste with one (1) day engagement / hauling and with a minimum of 10 cubic meters/truckload. The conduct of the activity will be scheduled as needed by PNOE – ESB upon receipt of copy of Purchase Order (PO) from the Procurement Division.
2. Likewise, PNOE will engage to the third party service provider with the technical expertise in Hauling and proper disposal of siphoned materials from PNOE – ESB septic tanks with one (1) day engagement / hauling with a minimum of 4 cubic meters per truckload. The conduct of the activity will be scheduled as needed by PNOE – ESB upon receipt of copy of Purchase Order (PO) from the Procurement Division.
3. The Contractor shall submit the Certificate of Disposal (COD) and related documents to PNOE-ESB within 15 calendar days upon completion the project.

DEFINITION OF SIMILAR PROJECTS:

The project that involves the technical expertise of third party service provider to conduct hauling and proper disposal of residual and solid waste according to existing environmental laws and regulations. Likewise, any project that involves technical expertise of third party service provider to conduct siphoning and/or desludging activity of septic tank and/or wastewater cistern and reservoir.

Contractor with accreditation from Department of Environment and Natural Resources (DENR) to conduct hauling of residual wastes for proper disposal and siphoning and desludging of wastewater and/or septic tanks with at least 1 year experience in providing similar services.

PROJECT ABC: HAULING OF RESIDUAL WASTE – PHP32,800.00
SIPHONING OF SEPTIC TANK – PHP65,600.00

TERMS AND CONDITIONS

1. Payment Terms: Government Terms - full payment upon completion of delivery/implementation, or subject to the conditions specified in the Scope of Works/Activities or Terms of Reference.
2. All entries shall be typed or written in a clear legible manner.
3. Bidder shall offer one (1) bid only. Alternative bids shall be rejected.
4. All prices offered herein are valid, binding and effective for THIRTY (30) calendar days upon issuance of this document.
5. As a general rule, price quotations to be denominated in Philippine Peso shall include all taxes, duties and/or levies payable.
6. In case of tie quotations, tie breaking shall be on draw lots or toss coin.
7. In case supplier pro forma quotation is submitted, conditions will be governed by the submitted signed Terms of Reference / Technical Specifications Sheet.
8. During evaluation of quotation/proposal, the project proponent may require additional documents to verify, validate and ascertain the compliance of the supplier/contractor or consultant.
9. Liquidated damages shall be imposed pursuant to Section 68 of the Revised IRR of RA 9184.

We undertake, if our Proposal is accepted, to supply/deliver the goods/services in accordance with the specifications and/or delivery schedule.

We agree to abide by this quotation/proposal for a period of thirty (30) calendar days, which is the price's validity period and it shall remain binding upon us and may be accepted at any time before the expiration of that period.

We acknowledge that failure to password-protect/seal our proposal/quotation or submitting it late will result in automatic disqualification.

Until a Contract or a Purchase Order is executed, this Quotation/Proposal shall be binding upon us. We understand that you are not bound to accept the lowest or any Proposal you may receive.
