ATTY. JOSEPHINE CASSANDRA J. CUI
Chairperson
Bids and Awards Committee

PHILIPPINE NATIONAL OIL COMPANY

General Services Division

PNOC Building 6, Energy Compound, Rizal Drive, BGC, Taguig City

PROJECT: Contract of Services for the Maintenance of Fire Protection System at PNOC Bldg. 5 and 6.

JUSTIFICATION: Necessary to keep equipment in good running condition.

SCOPE OF WORK:

To supply skilled labor/manpower, supervising personnel, provision of test instruments, proper tools and equipments including other associated services necessary for the performance of the following works for the Preventive maintenance of PNOC Bldg.5 and Bldg. 6 Fire Protection System.

LABOR REQUIREMENTS:

- Project supervised by a mechanical or electrical engineer.
- Skilled fire protection technicians.
- Bidder must have at-least five (5) years of experience in handling maintenance and contracting fire protection projects.
- Bidder should provide a similar completed contract at-least 50% of the total contract cost of the projects for the last five (5) years.

A. Maintenance of Fire Protection System and its components

1. Quarterly test run of fire pump and every two (2) months test run of jockey pump both manual and automatic start-ups. Each start-up shall be done by partially draining the fire pipe riser located at each floor of the bldg.
2. Monthly check-up and testing of all water flow switches and flow control valve supervisory switch.
3. Check wirings connectivity and functionality test of all devices.
4. Inspection of power supply and fuse terminals.
5. Check panel functionality, signal LED's and other components.
6. Check battery load voltage, swelling and loose connection.
7. Cleaning, check-up and testing of manual call point, smoke and heat detectors, fire alarm bell, push button, horn, strobe light, fire alarm control panel (clean by chemical contact cleaner, air blower and vacuum cleaner).
8. Checking of fire sprinkler system including but not limited to the following:

- General inspection of the whole sprinkler system.
- Visual inspection of all regulating pressure.
- Manual Testing of valve switches.
- Fire department connection main drain.
- Fire hose cabinets (testing & visual inspection).
- Test of cut-in and cut-off of fire pump and jockey pump.
- Inspection and testing of wirings and components of the control panel.
- Operational testing.

9. Draining and refilling of the riser system annually.
10. Submit recommendations for repairs and or replacements of parts if any.
11. Coordinate and inform the client and/or its maintenance personnel regarding troubles and parts to be replaced.
12. Contractor shall submit a service report at the end of every service rendered.

B. Other Terms and Conditions

1. Contractor shall provide technicians and necessary labor to put the system in proper working condition in the event of system breakdown.
2. Contractor should provide materials, spare parts, replacement parts and labor necessary to replace parts.

Note: Separate billing.
3. All works shall be scheduled during non-office hours such as after regular office hours, Saturday, Sunday and Holidays (8:00am to 5:00pm).
4. All works, inspection, testing, etc., shall be coordinated and witnessed by PNOC authorized Representative.
5. The Contractor must ensure that the sprinkler system will not activate during cleaning and testing, except as needed, otherwise the Contractor shall be held liable for water damages to equipment, furniture and fixtures, among others.
6. In case of emergencies or when the system breaks down or needs repair, the contractor must provide the required service within 24 hours from notice.

GENERAL PROVISIONS:

1. A joint inspection must be conducted by the Contractor and PNOC-Admin GSD Representative on the specific works to be done for the project.
2. The Contractor is required to inspect and examine the site and the surroundings of the proposed project to arrive at an estimate of the labor, materials, equipment, facilities and services necessary to carry out the work.

3. The Contractor must conduct proper planning and safety orientation meeting to all personnel involved in the work prior to commencement.
4. The Contractor is required to coordinate all activities and work relative to the project with the PNOC Admin-GSD representative for proper monitoring and coordination.
5. The Contractor shall commence work on the agreed Start Date and shall carry out the work in accordance with the program of work submitted by the Contractor, as updated, with the approval of the PNOC Admin-GSD representative and complete the project by the completion date as indicated in the TOR.
6. The Contractor shall be liable for all fire and accident claims and other related claims arising from injuries and damages, which may occur in relation to the execution of the project.
7. The Contractor shall hold PNOC and its personnel free from any and all liabilities for damages arising from injuries or liabilities to persons or damages to property occasioned by any act or omissions of the Contractor and shall pay actual damages for any and all expenses which may be incurred by PNOC-Admin GSD and its personnel in the defense of any claim, action or suit.
8. The cost of any and all rework and/or restoration of damaged properties due to Contractor's poor workmanship or negligence shall be borne by the contractor.
9. The Contractor must submit a list of personnel assigned to the project before commencing the above scope of works.
10. The Contractor must comply with all standard health and safety requirements to include, among others, the use of personal protective equipment by all workers, installation of safety signage, proper ID and observe company rules and regulations on safety and security.
11. The work shall be executed in the best and thorough manner throughout the project timeline to the satisfaction of PNOC-Admin GSD. PNOC-Admin GSD shall have the power to reject any work, method of accomplishing every part of work and material used which in their judgement are not in full accordance with the specifications and/or description as provided in the scope of work and are deemed to be disadvantageous to PNOC.

SITE POSSESSION:

1. The Contractor should confirm that he has inspected the site where the work will be performed; that he has knowledge of and/or acquired knowledge thereof on the conditions which might affect the nature, extent and cost of the work required; that PNOC shall in no way be responsible for any costs or expenses which may be incurred on account of failure of the Contractor.
2. to make an accurate examination of present and/or assessment of future factors that may affect the cost of execution.

3. Tapping of equipment and other related work shall be properly coordinated with PNOC-Admin GSD designated representative for provision of electrical power source.
4. The GSD shall designate a specific area to be used by the Contractor as temporary facilities/storage area/administration area in connection with the project.

COMPLETION OF WORK:

- Work shall be accomplished on a contract of regular monthly basis.
- Agreement shall be for a period of eleven (11) months.
- Agreement shall commence reckoned from the date of notice to proceed.

NOTE: Delays due to work stoppage ordered by GSD shall not be counted against the set completion date
